YOUR VISION BROUGHT TO LIFE

About Us

We offer general contracting services and have been successfully executing construction projects since 2007. We strive to use the newest technologies in our management processes and project execution. Our longstanding trust with our clients has played a major role in our success and development, allowing us to retain 300+ of staff and execute more than 40 multi-million projects.

We are based in Al Khobar, KSA, and have project experience throughout the Eastern Province, Riyadh Region and NEOM.

ng us to In a

Our Vision

In accordance with 2030 KSA vision

We at DAC are committed to being a part of achieving the 2030 vision in the Kingdom. Therefore we have set the following mission statements to achieve that:

- To be involved in government projects that are a part of the 2030 vision such as The Ministry of Housing SAKANI project and cities projects like NEOM and SPARK.
- To perform for our customers the highest level of quality construction services at fair and market competitive prices.
- To ensure the longevity of our company through customer satisfaction in all areas including timeliness, attention to detail and service-minded attitudes.
- To maintain the highest levels of professionalism, integrity, honesty and fairness in our relationships with our suppliers, subcontractors, professional associates and customers.
- To keep up with all the innovative technologies in the construction industry.

Portfolio

RESIDENTIAL

Our primary area of expertise with a total of nearly 1000 villas executed up to date.

These include luxury private villas, palaces, commercial villas, and affordable housing villas with the Minisrty of Housing. Our most notable project is Nesaj Town 2 which includes 369 villas handed over in less than 2 years

COMMERCIAL

Our commercial department include a wide range of executed projects such as School, Hotels, Multi-story Commercial Buildings, and Mosques.

INDUSTRIAL

We have experience in many types of industrial projects such as steel-structure and concrete warehouses and factories.

OUR TECHNOLOGIES

DRONES

In 2020 we introduced drones to our equipment. This allowed us to take arial footage of our projects in order to allow us and our customers to track the progress of the project and provide a realistic vision of the work carried out. It also has the added benefit of capturing fascinating images that reflect the real beauty of the architecture in our projects.

PROCORE

Procore is a cloud-based project management software that places all the aspects of the project in one place. Whereby, each member of the project from the owner to consultant to the contractor has an account, and all the process and events that occur in the project such as RFIs, drawings, meetings, daily reports, and submittals are all saved to the cloud and can be accessed at any time by any member of the project; either through the web or the mobile application. Procore has allowed us to improve the speed of our projects as well as tracking all documents and processes without the need of wasting paper thereby saving the environment.

PROCORE

PLASTER MACHINES

Our state of the art plastering machines allow us to carry out the plastering works quickly and to the highest quality. They come into operation in places where there is a large open area of walls to which they improve greatly improve the speed of work.

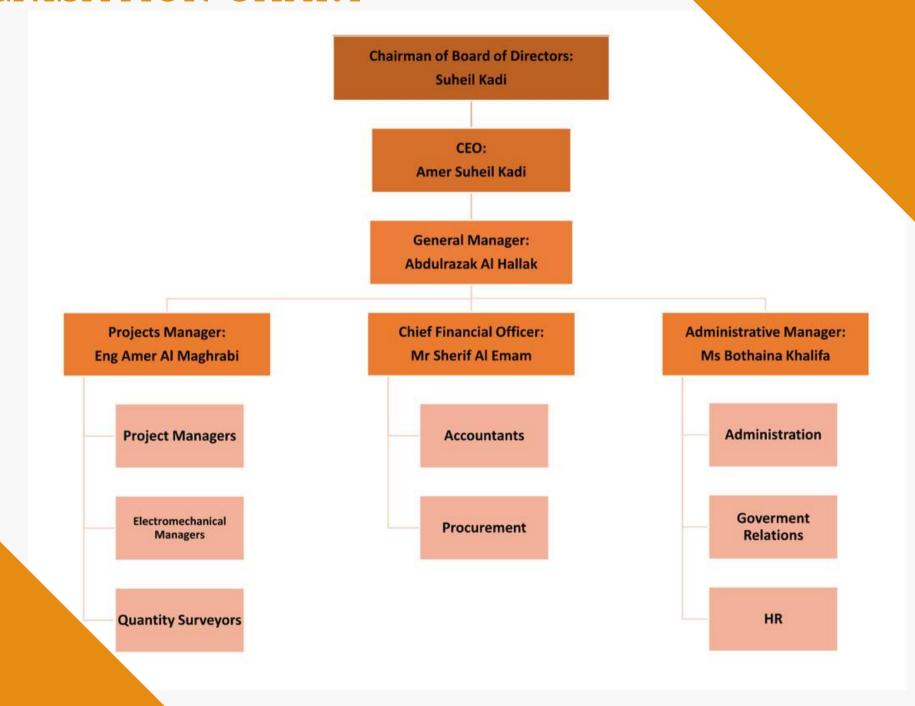

Meet the Team

We are proud to be a well diverse team sharing the same values with a family like culture.

SAUDI CONTRACTORS MEMBERSHIP

Registration Approval Letter

November 05, 2019

Attention: DISTINCT ARCHITECTURE CONTRACTING COMPANY CR Number: 2051038939 Country: Saudi Arabia

We are pleased to inform you that: DISTINCT ARCHITECTURE CONTRACTING COMPANY is now registered in the Saudi Aramoo Supplier Management System under Vendor Code No. 10050718. provided your

company continues to meet all relevant Saudi Arabian and Saudi Aramco standards. This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Fallure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portalregistration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and seves to improve the flow and accuracy or key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center +966 (13) 874-2222.

Tarek Mohammad Al Madees, Supervisor

Registration Unit

Contracting Services Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile thorugh Ariba for the following:

- 1. Change of Name / Commercial Registration Number / Address / Owner(s)
- 2. Any change of the supplier location
